Welcome to AGC's first virtual Federal Contractor's Conference!

We are excited to offer you five half-days filled with great content and speakers. All sessions will be conducted through Zoom, a secure and user-friendly online meeting platform that you are likely already familiar with during this time. Please note, you don't need a Zoom account to view sessions. A "Launch Session" button to open the webinar will appear on each session page **45 minutes before the first presentation of the day**. Attendees should select the "Join as Attendee" button when launching.

We encourage you to navigate through the conference site and see what the agenda offers for you each day.

[Access the full AGC 2020 FedCon Agenda!](#)

We hope you enjoy this virtual experience with us, and more importantly, we hope to see you in person next year at AGC's 2021 Federal Contractors Conference.

Please click on the conference day buttons below to navigate to the agenda for that day

MEET YOUR CONFERENCE MC

Shea De Lutis

Director,  
Clark Construction,  
Chair of AGC Federal & Heavy Construction Division

With over two decades of experience in the construction industry, Shea De Lutis is responsible for Clark Construction Group's Federal Affairs through building and maintaining relationships with federal stakeholders, partnering initiatives and regulatory awareness. She also supports regional offices in the strategic pursuit of the firm's most complex federal projects.

Actively involved in the real estate and construction industry, Ms. De Lutis currently serves in a national leadership role within the Associated General Contractors of America (AGC) as Chair of the Federal and Heavy Division and member of the Board of Directors. She is proud to have previously chaired two of the Division's committees: U.S. Army Corps of Engineers (Co-Chair, MILCON) and Federal Facilities. In this capacity, she has championed AGC Federal and Heavy Division's mission to develop and advance planning, procurement and construction best practices through enriched channels of partnership and communication between industry and federal entities.

Ms. De Lutis is a past President of the Associated General Contractors of Metropolitan Washington, D.C. (AGC of DC) Chapter, founding member of the Design Build Institute of America's Mid-Atlantic Chapter, and is active with the Society of American Military Engineers and Federal Real Property Association.

Ms. De Lutis earned a Bachelor of Science degree in Civil Engineering and Applied Science from the University of Virginia and remains engaged with the Department of Engineering Systems and Environment.

## Launch Session

### Industry Briefing: The Untapped Potential of a Unified Platform

#### Session Information

Learn best practices on how partnering with everyone involved in the course of construction will achieve better outcomes. Standardizing on a common platform creates a single source of truth that allows you to understand what is working and what is not - no matter how large your projects are. Hear from Kevin Durand, Strategic Sales Engineer, and Zachary Reiss-Davis, Senior Manager, Product Marketing, from Procore who will share insights from working with other [public sector owners](#) and contractors.

Begins June 9th @12:00PM EDT

# More Individual Session Page Examples

The screenshot displays a web interface for a conference. On the left is a navigation sidebar with buttons for Dashboard, Demo Conference, Conference Lobby, Networking, Day 1, Day 2, Expo Hall, Poster Hall, Session Examples, Pre-Recorded Live Example, Livestream Example, and Demo Conference. The top navigation bar includes 'CONFERENCE HOME' and 'EXPO HALL' links, a search icon, a notification bell, a chat icon, and the user name 'JUSTIN SANTIAGO' with a profile icon.

The main content area features a 'CONFERENCE NAVIGATION' section with buttons for Conference Lobby, Day 1, Day 2, Expo Hall, Poster Hall, Session Examples, and Networking. Below this is a 'SESSION EXAMPLE: PRE-RECORDED LIVE IN THE LMS' section with the text 'Live session time: 1PM CST on April 29th, 2020'.

The central video player shows a 'Pre-Recorded Live in the LMS Example' with a title bar 'MANAGING E-LEARNING THOUGHT LEADERS SERIES'. The video content includes the text 'To Communicate with Presenters:' followed by an inset image of a GoToWebinar interface. The inset shows a 'Questions' pane with a text input field containing '[Enter a question for staff]' and a 'Send' button. An orange arrow points to the input field. To the right of the inset, the text reads 'We will begin at the half hour!' and 'Hosted by:' followed by a circular logo with a stylized 'V'.

Below the video player, there is a text overlay: 'Trouble with audio? Send us a message via the questions panel.' A video progress bar at the bottom shows a play button, a time of 09:27, and volume and settings icons.

On the right side of the page, there is a 'CONFERENCE HOME' logo and a chat icon with the text 'Offline' below it.

At the bottom of the page, there is a 'Certificate of Completion' section with a plus icon and the text 'Restricted Not available unless: You receive CE credit'.

### ABOUT THE GIL BROTHERS

It is helpful to write a brief description of your exhibition. This description can be used in brochures, on websites, blogs, or other publicity venues and can also appear on a poster. The brief description should only be two or three sentences long, and articulate the main idea of the exhibition and why it is important or interesting.

About LCPTracker

LCPTracker is the leading software solution for construction site compliance management, certified payroll, and workforce reporting. LCPTracker's Software as a Service (SaaS) technology allows agencies and prime contractors working on construction projects to streamline the collection of certified payroll reports, employee demographics, and related labor compliance documentation by allowing subcontractors to electronically submit all required information. LCPTracker's exclusive validation engine, advanced compliance tools, and comprehensive reporting assist clients in ensuring full compliance with prevailing wage and workforce requirements. Headquartered in Orange, California, LCPTracker is a privately held company.

**Mark Douglas**  
President and CEO

Mark Douglas is the president and CEO of LCPTracker, Inc., a privately-held company providing cloud-based software services for construction compliance and workforce development. Mark's vision for LCPTracker is to empower people to build better communities which is exemplified through his flagship product, helping government agencies and contractors maintain and enforce prevailing wage provisions.

Mark graduated with a Bachelor of Science in Business Administration from Central Michigan University. After college, he jumped right into the professional world and quickly grew a record of success building startup companies.

Today, Mark is taking his company to new heights – transforming LCPTracker into one of the fastest-growing companies in Orange County, California. He prides himself in fostering a team of over 80 dedicated employees and building a reputable organization in the construction industry.
